

# Navigating Campus with Temporary Mobility Issues

You have a medical issue that makes mobility on campus difficult

We Care recommends you reach out to your advisor and professors, letting them know about the situation and raise any concerns you have about getting to classes. If needed, ask for flexibility in arriving on time if needed until the injury heals. After class, you may want to ask classmates if they are going in your direction so that they can carry a backpack or laptop.

## Classes

If classes are scheduled back-to-back, and are far apart on campus, We Care can work with the Registrar to request a possible room change.

## Lockers

Lockers are available in the [Curry Student Center](#) to limit the number of trips made to and from off-campus or to and from your residence hall during the day.

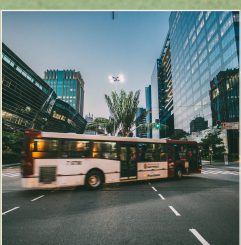

## Meals

If you have a meal plan and are having trouble getting to and from the dining halls, you can request a temporary authorization card that will allow a friend to pick up meals for you. If you are interested in this option, please let the staff at We Care know.

## Mobility

If necessary, wheelchairs, electric scooters and knee scooters may be available for rent from area businesses. Be sure to consult your clinician to confirm that they support this plan and ask if this plan is covered by your health insurance.

## Campus Shuttle

Northeastern provides an off-campus escort shuttle (the “Redeye”) that departs hourly from the Snell Library on the half-hour, starting at 7 PM until dawn. The shuttle, provided by the Northeastern University Police Department (NUPD), is free and provides drop-off service to students’ residences in a two-mile radius of the campus center.

## Handicapped Parking

If you already have purchased a student parking pass for the Boston Campus, please contact Student Accounts at 617.373.2270 for information on getting a handicapped access parking permit.

## More Questions?

For more information about any of these services, please contact the We Care Office in 354 Richards Hall, by calling 617.373.7591 or by visiting [northeastern.edu/wecare](http://northeastern.edu/wecare).
